*Your Journey to Parenthood
Begins with us...*

Reproductive Medicine Associates of Michigan

About Us

Welcome to Reproductive Medicine Associates of Michigan, the very first infertility center in the country that combines the expertise of two of the nation's leading IVF centers. In affiliation with Richard T. Scott, MD, HCLD, from RMA of New Jersey and the Colorado Center of Reproductive Medicine, RMA of Michigan opened its doors in November 2006.

Our physician team includes **Brad Miller, MD & Lynda Wolf, MD.** Together they have over 30 years of combined experience in the field of infertility and reproductive endocrinology. Both are board certified in reproductive endocrinology & infertility as well as obstetrics and gynecology. Their areas of expertise include, but are not limited to, assisted reproductive technology (ART) including IVF and ICSI, preimplantation genetic diagnosis (PGD),

Left to Right: Brad Miller, MD, Lynda Wolf, MD,
Tariq Shah, PhD, HCLD, ELD

male factor infertility, all aspects of female infertility, egg donation, reproductive endocrinology, PCOS, microsurgery and advanced laparoscopy.

“Tariq A. Shah, PhD, HCLD, ELD, is the director of our onsite IVF/Andrology and Endocrine laboratory with over 20 year experience. Dr. Shah is board certified as an embryology laboratory director as well as a high complexity clinical laboratory director. He is a member of the American Society of Andrology (ASA), the American Association of Bioanalysts (ABA), RESOLVE, and the American Society for Reproductive Medicine (ASRM).

With our team of experienced physicians, embryologists, nurses, and patient services staff; we strive to provide state of the art care in a convenient, caring and compassionate fashion and to produce the highest pregnancy rates possible.

Insurance/Financing

Some insurance plans cover diagnostic testing and basic infertility treatments. Advanced infertility treatments such as IVF are less frequently covered by insurance. The cost of infertility treatment can be an added source of stress. Our goal is to provide resources that may help you manage the financial aspects of your care so that you can focus on your dream of family building.

RMA offers multi cycle discount plans and other financing resources for patients.

Hours & Location

Our facility operates 365 days a year and opens at 6:30 a.m. to facilitate early morning monitoring.

RMA of Michigan is located at 130 Town Center Drive, just minutes from I-75, near the major intersection of Big Beaver & Livernois Roads.
